PROFESSIONAL SUMMARY

MCA student with hands-on experience in full-stack web development using React.js, Node.js, Express.js, and MongoDB. Strong knowledge of Java, Python, and modern web technologies with a passion for building scalable and user-friendly applications. Seeking opportunities to apply technical skills and contribute to innovative software projects.

EXPERIENCE

Web Developer Intern | Kanalytics, Mumbai (Dec 2025 – Present)

- Developed interactive dashboards and data visualization modules using **React.js** and **Apache Echarts**.
- Built and optimized **MongoDB aggregation pipelines** for ERAP project APIs to process large datasets.
- Designed and implemented scalable **RESTful APIs** using **Node.js** and **Express.js**, and **TypeScript**.
- Implemented global **theme management** (light/dark mode) using **Redux**, improving UI consistency.

Tech Stack: React.js, Next.js, TypeScript, JavaScript, Redux, Apache ECharts, Node.js, Express.js, MongoDB

TECHNICAL SKILLS

Programming: Java, Python, JavaScript, TypeScript
Frontend: HTML, CSS, Bootstrap, React.js, Next.js
Backend: Node.js, Express.js

Databases: MongoDB, MySQL
Tools: REST APIs, OOP, Git, GitHub, Redux, Docker

PROJECTS

Online Fruits & Vegetables Shop

Tech Stack: React.js, Node.js, Express.js, MongoDB, JavaScript

- Developed a full-stack e-commerce application with product **search, filtering, and category-based browsing**.
- Built an **admin dashboard** to manage products, orders, and inventory with complete CRUD functionality.
- Implemented secure **authentication** and **role-based access control** for admin and users.
- Designed **RESTful APIs** using Node.js and Express.js and integrated MongoDB for efficient data management.

AI-Based Photo Distribution System

Tech Stack: MERN + face-api.js + TensorFlow.js

- Built an AI-powered web app to automatically identify and distribute photos using face recognition.
- Implemented face detection and facial matching algorithms using **Face-api.js** and **TensorFlow.js** to group images based on user identity, eliminating manual photo sorting.
- Developed secure **REST APIs** with **JWT** authentication and handled image uploads using **Multer** and **Sharp**.
- Utilized **MongoDB** to manage user information, image metadata, and photo distribution records.

EDUCATION

Master of Computer Applications (MCA) | 2024 – 2026

Late Bhausaheb Hiray S.S. Trust's ICA, Mumbai | CGPA: 7.87

Bachelor of Computer Science (B.Sc. CS) | 2021 – 2024

Rizvi College of Arts, Commerce & Science, Mumbai | CGPA: 7.9/10
